For Immediate Release
October 15, 2004
Coloma Public Schools selects Job Skill Technology

Coloma Public Schools selects Fast ForWord software and Job Skill Technology, Inc. (JST) for their Student Enhancement Center. JST and Fast ForWord were selected based on the ability to provide permanent educational enhancement for students from K-12 in 8-12 weeks. JST provides local on-site sales, support, and training. Our relationship with the Coloma superintendent over the years and our credibility of providing quality service was the key in their decision.

Job Skill Technology, Inc. is a leading solution provider of computer-based learning and educational tools for pre-kindergarten through adult learners. The company specializes in software, assessment and accountability solutions, e-learning, and hardware with special emphasis on technical support and training.

The company serves K-12 schools, alternative and adult education, state and local government, colleges and universities, correctional institutions, job training programs, corporations, and private industry.

Job Skill Technology, Inc. is headquartered at 1000 N. Opdyke Road, Suite D-2, Auburn Hills, Michigan 48326, 800-783-5780.
