## Caledonia Selects Plato and JST for Remediation and Enrichment

Job Skill Technology, Inc. (JST, Inc.) is proud to announce that Caledonia Community Schools has purchased PLATO Learning computer-based instruction to help students master core subjects. Initially, the program targets Middle School students, providing remediation and enrichment, as they prepare to move on to high school. The district elected to purchase award-winning PLATO content from JST, Inc. and is taking advantage of the local support that JST provides. By utilizing the best available hardware and software, Caledonia Community Schools is leading the way as students prepare for learning and living in a world of advancing technology. Over time, the district is expected to expand the program to schools throughout the district.

Job Skill Technology, Inc. is a leading solution provider of computer-based learning and educational tools for pre-kindergarten through adult learners. The company specializes in software, assessment and accountability solutions, e-learning, and hardware with special emphasis on technical support and training.

The company serves K-12 schools, alternative and adult education, state and local government, colleges and universities, correctional institutions, job training programs, corporations, and private industry.

Job Skill Technology, Inc. is headquartered at 1000 N. Opdyke Road, Suite D-2, Auburn Hills, Michigan 48326, 800-783-5780.
